

EXPERIENCE THE MAGIC OF SIGNING SMART

Signing Smart Play Classes and Workshops

offered by
Rina Coury

Meet the Instructor

I started my Signing Smart journey in late 2001, when I started researching signing with infants in anticipation of our daughter's birth in early 2002. When Malena was 6 months old, we joined Dr. Michelle Anthony's Signing Smart classes here in Denver.

What a joy to have a Signing Smart baby! When Malena was 18 months old, we stopped counting her signs (she had 70 or 80) and started counting words as she was so verbal! One amazing thing was how Signing Smart facilitated Malena's dual language acquisition... I've been speaking French with her since birth, and despite all the warnings that she would speak later than average, she has always been way ahead of the linguistic curve. I attribute this fully to Signing Smart!

I've been teaching Signing Smart play classes since the Fall of 2003, and greatly enjoy my work. There is nothing more satisfying than to have a parent come to class ecstatic over their baby's first sign! Unless it's hearing from the parent of the 13 month old who recently told me they're up to 65 signs!

the dancing
flowers!

I recently completed my Master Instructor certification, and look forward to sharing the joys of Signing Smart with many more families over the years.

Programs Offered

I primarily teach the 10 week Signing Smart Play Classes, though I also on occasion offer Signing Smart Parent Workshops or Workshops for Day Care Providers.

Classes

My ongoing play classes are in North Denver, in the Highlands neighborhood near 32nd and Lowell. These classes typically run on Monday afternoons. I also offer classes in other locations, including Lakewood near 6th Avenue and Garrison, in Evergreen, or almost anywhere there is a demand! Please contact me to find out which classes are running now.

For More Information and to Register

You may contact me by email or by phone. My email address is rina@signingsmart.com, and my phone number is 303-777-7078. Please do feel free to contact me if you have any questions at all... about why you should select Signing Smart over another baby sign language program, how old your child should be when you begin, or any other question or concern.

I hope we'll be Signing Smart together soon!
